

## NEW DRIVE MAY BE MADE BY TEUTONS

Activity in Serbian Campaign Dwindles and Fresh Drive at Russ Is Expected—Teutons Hint That Action of Greece Favoring Allies Will Be Regarded as Unfriendly—Italians Land in Albania—Teutons Invade Montenegro.

By Associated Press.  
London, December 2. — Military events in the Balkans are apparently in a transitory stage which may preface another German offensive, but whether this will be made against the Franco-British troops which hold all that remains of Serbia, or against the Russians should they launch an attack against Bulgaria from the east, the present situation gives no indication.

A Saloniki dispatch, reporting the withdrawal of Field Marshal von Mackensen's forces from the Serbian front to Bulgaria, is interpreted in some quarters as confirmation of the second alternative.

With Prisdend in Bulgarian hands both the Austro-Germans and the Bulgarians have formally announced the completion of their Serbian campaign.

Vienna officially estimates the capture of more than 60,000 Serbians in November alone.

The Germans are now engaging the Montenegrins on the Montenegrin frontier, and at heavy cost have penetrated some distance beyond the border.

It is now clear that Greece has determined not to mobilize or withdraw her army from Saloniki. Though a deadlock seems to have been reached, negotiations are still under way.

No change of significance was reported on either the western or the eastern front during the last 24 hours.

Two more British steamers, the Colenso and the Orange Prince, have been sunk, presumably by a German submarine.

Apparently the Bulgarians have not occupied Monastir. Arrival of further reinforcements for the Bulgarians before the French front in southern Serbia is reported from Athens.

### SHAH OF PERSIA

Youthful Ruler Under Protection of Russia and England.

Athens, December 2. — Representatives of Austria and Germany have informed the Greek government, according to a newspaper here, that if the demands of the quadruple entente are granted the central empires will "cease to consider Greek Macedonia as friendly territory."

Paris, December 2. — Italian troops were landed at Avlona, Albania, Tuesday, according to information from a reliable source in Athens.

## AFFIDAVIT AT COST OF \$400 TO AUSTRIAN

By Associated Press.  
Cleveland, December 2.—Ernest Ludwig, Austrian consul here, paid \$400 to Dr. E. W. Ritter, under arrest charged with passing a worthless check, who is said to have confessed knowledge of plots to blow up munitions plants, for an affidavit which Ritter made that the Lusitania carried 600 tons of gun cotton on her last trip, according to a statement made today by Charles S. Reed, counsel for Ludwig.

Ritter said in his affidavit, according to Reed, that the gun cotton was bound in gunny sacks and taken aboard as "furs."

Details of Ritter's alleged confession were sent to the Department of Justice, at Washington, today.

The Austro-Hungarian consulate issued a statement here this afternoon, admitting that Ritter had been supplied with funds during the investigation of his inventions and that he prepared the affidavit charging gun cotton was on board the Lusitania, but denying that the affidavit was bought.

## 10 INTERRED IN ONE CASKET

By Associated Press.  
Wilmington, Delaware, December 2.—Authorities today had been able to identify enough fragments of victims of the explosion at the Du Pont powder plant Tuesday, to permit the holding of twenty separate funerals.

What is left of the other ten will be buried in one coffin and collective funeral services held.

## PASSPORTS WILL BE REFUSED FORD PARTY

Sect. Lansing Announces That No Passports on Warring Nations Will Be Issued—Ruling Interpreted to Mean That Government Does Not Regard Mission Is Urgent—Few Applications.

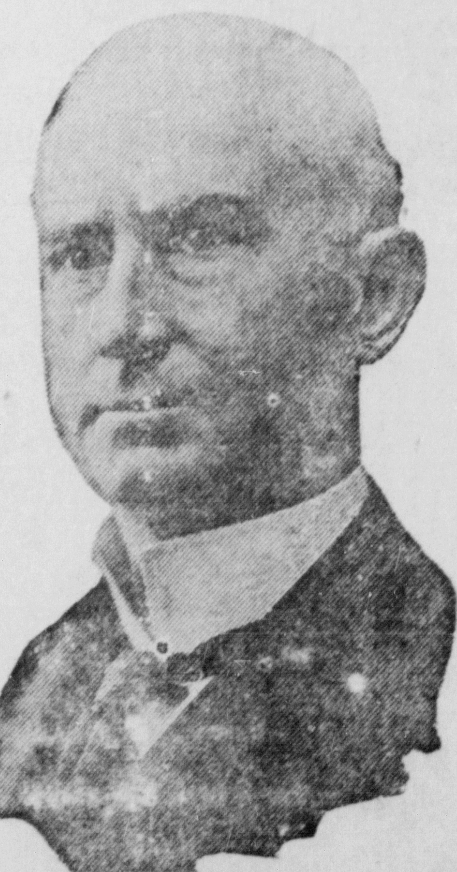

By Associated Press.  
Washington, December 2.—Secretary Lansing announced today that members of the peace party planning to sail on the ships chartered by Henry Ford, will not be given passports to belligerent countries, but only to neutral states in Europe.

Mr. Lansing explained that no distinction was being drawn between members of the peace party and other American citizens and that the general rule of the Department of State was being applied.

The ruling was generally interpreted, however, as meaning that the United States does not regard unofficial missions in efforts to make peace, by private persons, as business of an urgent character.

### JAMES P. CLARKE

Opposed by Pomerene For President Pro Tem of Senate.

Officials of the State Department said there seemed to be some impression in Europe that the United States government is some ways sanctioning the Ford plan, and they emphasized that there was not the slightest grounds for such an intimation.

Each application for a passport will be subjected to the closest scrutiny. The number of applications for passports received so far is very small, and Ford himself has not applied.

Only two more days remain before the peace ship is scheduled to sail, and it is considered doubtful that a great number of passports can be issued by Saturday unless the department receives a large number today and before noon tomorrow.

## WILSON GETS INVITATION

By Associated Press.  
Washington, December 2. — Colonel Webb C. Hayes, son of President Hayes, Senator Pomerene and Representative Overmyer invited President Wilson today to attend the dedication of a Hayes monument at Fremont, Ohio, next spring.

President Wilson said he would be present if possible.

## DEFECTIVE CHILD ALLOWED TO DIE

By Associated Press.  
New York, December 2.—Margaret Roberts, the deformed and paralyzed baby whose birth caused a sensation here similar to that over the defective baby allowed to die recently in Chicago, died today.

The infant was born November 23. No operation was performed.

## PROVISIONING OF U. S. FLEET CITED

Attorney for Accused Officials of Hamburg-American Line Says Way Dewey's Fleet Was Supplied With Provisions in 1898 Was Identical to Methods Adopted By Germans in Provisioning Ships.

By Associated Press.  
New York, December 2.—Counsel for the four indicted officials of the Hamburg-American Line, whose case goes to the jury late today, went back in his summing up this morning to the days when Admiral Dewey sank the Spanish fleet and blockaded Manila in 1898, for what he termed a parallel and a vindication of the acts of his clients in sending coal and supplies from American ports to the German fleet in the early days of the European war.

"Dewey's ships needed coal and supplies during the blockade," said William Rand, Jr., chief counsel for the defendants.

"An American firm at the British port of Hong-Kong loaded the coal and supplies and provisions on British steamers and cleared these steamers for the Chinese port of Macao. Those ships' manifests said these steamers were loaded with scrap iron."

"What happened? This so-called scrap iron—these supplies of food and coal—were transferred to Dewey's ships at sea."

"Has anybody ever been sent to jail for this? No! It was not a crime then; it is not a crime now. It is simply a question of whose ox is gored."

Roger W. Wood, conducting the prosecution, objected to this argument but was overruled by Judge Howe.

The case of the four officials of the Hamburg-American Line went to the jury early this afternoon.

## HIGH UPS ACCUSED

By Associated Press.  
Springfield, Ill., December 2.—Charges that Andrew Russell, Illinois state treasurer, and James J. Brady, state auditor, "knowingly and willfully" permitted irregular payments amounting to thousands of dollars to be made from the state legislative committee fund, are contained in an amended bill of complaints filed in the Circuit Court here today by J. B. Fergus, a Chicago taxpayer.

A previous injunction suit filed by Fergus held up appropriations made by the last legislature and resulted in the calling of a special session.

## AUSTRIA HAS MADE INQUIRY

By Associated Press.  
Washington, December 2. — The State Department has received from the Austro-Hungarian government formal inquiry regarding the statement recently issued at the Department of Justice, which was construed by the Austrian embassy here as being in confirmation of the charges made by Dr. Gorickar, a former Austrian consul.

Gorickar charged, in effect, that Austrian consulates in the United States, operating under the direction of the German embassy, were concerned in conspiracies to cripple munitions plants.

## BRITISH HAVE LOST 510,230

London, December 2.—The total of British military and naval losses from the beginning of the war to November 3, was 510,230. This figure was announced as accurate today by Premier Asquith.

Previous estimates of 600,000 losses were said to be incorrect. The losses were distributed as follows: France, 370,000; Mediterranean, 160,000; other theaters 11,000; navy 12,000.

The total included those who died of wounds or disease as well as those killed in battle.

## FORD MAKES FINAL PLANS

New York, December 2. — Henry Ford returned to New York from Detroit today and made his first announcement of definite plans for his peace expedition, which will sail for Europe Saturday.

Mr. Ford denied that he had any intention of instigating strike among the soldiers in the trenches.

He said that during the voyage members of his party would be selected as permanent peace delegates to remain in Europe.

He expects other neutral nations to send delegations to meet the American peace seekers, at some place to be decided upon later, probably the Hague. A general conference will then be held to decide on further steps.

## CHINA DENIES REPORT ISSUED

Peking, China, December 2.—The Chinese government made formal denial today that it had considered the possibility of joining with the entente powers or had been requested to do so.

## MORE BODIES ARE RECOVERED

Boomer, W. Va., December 2.—Six more bodies today were brought out of mine No. 2 of the Boomer Coal and Coke Company, additional victims of the explosion last Tuesday. This makes the total casualties twenty-three.

## ROAD IS OPENED WHEN EQUIPMENT IS ATTACHED

**Contractors Parrish & Bales, Who Have Job of Paving Section of Jeffersonville Pike, Have Troubles of Their Own When Execution Is Issued and Many Liens Are Filed By Persons Wanting Pay for Work and Material.**

As a result of a suit filed before Justice T. N. Craig, Wednesday afternoon, an execution was issued and certain material and articles used by Contractors Parrish and Bales, who obtained the contract for paving a section of the Jeffersonville pike, have been attached and all work suspended.

As a result it is understood that the barricades across the road have been torn down and traffic is passing over that part of the road which has been closed for many weeks while the "improvement" has been dragging along indifferently.

The execution was issued at the instigation of The Fayette Grain Company, and the defendants are Rial Parrish and H. E. Bales. The amount claimed by the plaintiff was \$19.16 for certain feed stuffs furnished the defendants.

The writ placed in the hands of a constable resulted in the levying upon one gasoline engine and pump, one road plow, three wheelbarrows, 18 shovels, nine picks, certain steel and wood forms for laying concrete, one wagon, harness, etc., appraised at \$90.50. The hearing is set for December 4th. With their equipment attached, the contractors were compelled to forego further attempts toward conducting the work.

But the action is not the only trouble faced by the contractors, numerous liens now being on file with County Auditor Pine, the total of which reaches approximately \$337.

These liens are for labor and material furnished by a half score persons, and are against that part of the improvement completed; on materials for the highway and upon all money due the contractors or to become due them for that part of the contract completed. Attorney Troy Junk represents the lien holders, who, together with the amounts claimed, are: H. H. Frederick, \$24.30; Harry Bates, \$20.25; Harry Lemmons, \$165.44; John Zimmerman, \$21.90; J. W. Binegar, \$24; Albert Elliott, \$21.12; T. R. Allen, \$21.60; George Schmid, \$20.19; A. S. Masters, \$16.25.

Definite action upon the part of the Highway Commission is expected in the near future.

## NEW CASHIER IN GOOD HOPE BANK

Mr. William Thomas Steers, who was organizer and has been cashier of the Farmers Bank of Good Hope since its organization, has resigned and Mr. Omer Clark, of Cincinnati is now cashier of the bank with Mr. Hamilton Rodgers assistant cashier.

Mr. Steers has taken up the management of the late William Rodgers farm, near Good Hope. Mr. Clark has moved into the Parrett property in Good Hope.

## ANNUAL ELECTION IN PROBATE JUDGE'S OFFICE

The annual election of the Welfare Association will be held in the office of the Probate Judge at the court house, Sunday afternoon at 3 o'clock, instead of at Memorial Hall, as planned earlier.

The association hopes that there will be a large representation of all interested in this work and that all members will be present to take part in plans for the coming year's work.

## ANNUAL ELECTION DAUGHTERS REBEKAH

The annual election of officers was held at the regular meeting of the Daughters of Rebekah, Wednesday night, resulting as follows:

Noble Grand, Helen Elliott; Vice Grand, Mae Duffee; Recording Secretary, Luella Riley; Financial Secretary, Jared Adams; Treasurer, Lelia Counts; Deputy President, Lucy Edge; Trustee, Carrie Cline Deere.

## LOAN COMPANY ASKS JUDGMENT

## Views of Others

### SUPPRESSING VIEWS.

A writer in the "Editor and Publisher," says:

"I have little sympathy with the myopic individuals who believe, or rather say, that if nothing were printed about crime it would cease or decrease. They are wrong, absolutely wrong. Publicity is the greatest deterrent of crime, and many a man has been held from breaking the law, not because he dreaded the punishment the law would mete out to him, but because he feared the publicity that would result from his wrongdoing. The punishment of public opinion often is more potent and dreadful than that imposed by judge or jury. Scores of times men have come to me—men now in the penitentiary, men who are now out of the penitentiary, men who would have been in the penitentiary were it not for a miscarriage of justice—and pleaded for the suppression of the stories of their crime. One in nine cases out of ten they have urged wife, children and family as the reason for concealing the record of their wrongdoing. My answer always has been, "Why didn't you think of them before you did this thing? I am thinking of the men, women and children who have been defrauded by you and of the other men, women and children who will suffer unless your form of villainy is stopped."

"I admit that sometimes things are printed that should not appear. Sometimes the man at the head of the business makes a mistake, but more frequently the mistake is made elsewhere. The thoughtlessness and heedlessness of youth and inexperience is largely responsible for this kind of error. But with age comes wisdom and with wisdom tolerance. Young men furnish the steam and older men the breaks."

"I believe suppression of news is more of a wrong than the printing of a piece of news that possibly might better not have been written."

## MAIL PARCELS FOR CHRISTMAS MUST GO EARLY

Mail your Christmas packages earlier than usual this year or they may not reach the party to whom sent until after the merry Yuletide.

In brief this is what Uncle Sam is telling the hundred million people who may have occasion to use the mails in sending Christmas packages. The reason is that under ordinary circumstances Postmaster General Burleson and his several hundred thousand employees, is finding it a huge task to "chin" the mail business, and add a few additional million packages and the task becomes one of genuine Herculean proportions.

Packages within 150 miles of the office where mailed should be mailed not later than December 22nd, unless for persons on, in or near the city where mailed.

Parcels going east of Buffalo and west of the Mississippi river should have at least seven days in which to reach their destination.

Christmas seals may be placed either on front or back of parcels but must not be so placed as to seal

the package, in which case first class postage will be required. Writing should be plain. Packages should be carefully and securely wrapped and tied with strong cord.

The admonition to all is to "mail your Christmas packages early!"

## NEBRASKA NEWSPAPER PRAISES DR. CRAIG

Regarding Dr. LeRoy Craig, son of Judge and Mrs. T. N. Craig, whose death occurred in Mitchell, Nebraska recently, the Mitchell Index says in part:

"The death of Dr. LeRoy Craig occurred in his office in Mitchell at a little after noon on Wednesday, November 24th. He breathed his last while sitting in a chair. Companions who were in the room with him at the time were horrified and taken completely by surprise at the change that came suddenly over him. A doctor was summoned hastily from across the street, but there was only one or two beats of the heart after the arrival of the physician."

"Dr. Craig was the pioneer physician of Mitchell, coming here from Denver in the spring of 1901. \* \* \* The wife of Dr. Craig died in Ohio two or three years ago, having gone back from here on account of her health."

"LeRoy Craig was born in Ohio, June 6, 1874, and at the time of his death was aged 41 years. He began his practice of medicine in Ohio. He took medical courses in the Starling Medical College, the Baltimore College of Physicians and the Louisville Medical College, graduating from this last named institution in 1895. He had a fine education and was possessed of a soul of honor and delicate sense of refinement indicative of the best in nature and training. Added to which he was remarkably successful as a practitioner, which gave him a large number of very warm friends who were true to him in all the trying vicissitudes of an eventful career. For one or more terms he held the office of coroner of Scotts Bluff county. Death, which came to him while yet a young man, was due to heart failure."

Annual election Welfare Association, Sunday afternoon at 3 o'clock in Probate Judge's office. Let every member be present.

## A CURIOUS ANIMAL.

The Sea Cow Gave Rise to the Legend of the Sirens.

The dugong, or sea cow, is a peculiar animal. It resembles the familiar seal, but it has no hair on the body and is more nearly related to the porpoises and whales.

This animal is found on the shores of the Indian ocean, about fifteen degrees on each side of the equator, from East Africa to Australia, and also in the Red sea. It is a marine animal which never ascends the rivers, its food consisting chiefly of seaweed and the algae found in the water. Years ago it was reported to have been found in large herds of several hundred individuals and to have been so fearless as to allow itself to be touched with the hand of man. In recent years, however, it is met with only in twos and threes and has become very shy and wary. Its flesh has been regarded as a delicacy, and it is stated that the Malay kings claim as royal property all those taken within their domain.

Its habit of raising its round head out of the water and its great affection for its young, which it carries under the fore fin, are thought to have given rise to the legend of the mermaid, in allusion to which the name sirenia was given to this order of mammals. It is recorded that it was with the skin of the dugong, or sea cow, that the Jews were directed to veil the tabernacle and not with "badger" skins, as translated in the authorized version of the Bible.—New York Post.

Pneumatic scenery and stage settings are now used in an endeavor to make them more realistic and at the same time conserve the possibilities and convenience of the present type of flat and built up paper and wood forms. This is made of a rubberized fabric and so arranged that it may be inflated quickly and moved about with ease. The idea has been worked out in reproducing trees upon the stage, with the result that they appear very real from a short distance. A very large oak tree may be collapsed and packed in a small space for shipment.

# In Social Circles

A beautiful wedding was solemnized at the handsome country home of Mr. and Mrs. E. D. King near Good Hope, Wednesday afternoon, at two o'clock, when the youngest daughter, Grace, became the bride of Mr. Verne Wilson, son of Mr. and Mrs. Horace Wilson, of this vicinity.

Gorgeous chrysanthemums and greenery lent themselves perfectly to the elaborate decorations, in which shades of pink and white prevailed.

Rev. C. F. Pfaltzgraf, of the M. E. church of Good Hope, performed the impressive ring ceremony.

The wedding music added greatly to the charm of the nuptial. Mrs. John York sang beautifully, "Just Because," and "Something Seems to Tell me That You Love Me," just before the ceremony. Miss Bernice Boggs was the perfect accompanist, playing the wedding marches and "Hearts and Flowers," softly through the plighting of the vows.

The bride was extremely pretty in a stunning gown of blue chiffon velvet, with bodice of pink georgette crepe and hat of velvet and gold lace.

Following the ceremony a delicious two course supper was served. The young couple were the recipients of a number of handsome wedding gifts.

After a short wedding trip Mr. and Mrs. Wilson will reside at their newly furnished home near Sunbury. Their removal from Fayette county is a source of regret to a host of friends. The bride is a girl as attractive as she is accomplished. She was a student at Glendale College and finished her education in the Art School of Annapolis, Md. The bridegroom attended Ohio State University and was a prosperous young farmer of Bloomingburg before engaging in the management of one of the Wilson's farms near Sunbury.

In attendance at the wedding with the parents of the bride, were: Mr. and Mrs. J. M. King and son Roger; Mrs. Ernest Thomas of Alexandria, a sister of the bride; Mr. and Mrs. Horace Wilson, the bridegroom's parents, Mr. and Mrs. Glenn Wilson and children Horace and Rosalyn; Miss Ethel Wilson; Mr. Dale Wilson; Mr. and Mrs. Ray Wilson and son Robert of Bloomingburg; Mrs. J. B. York and Miss Bernice Boggs.

Mr. and Mrs. Arthur Leland entertained at a delightful family dinner of ten covers Wednesday night, in honor of the second birthday of their son, John Arthur.

The pretty decorations were of the holiday season, with scarlet candles blazing on the birthday cake and white chrysanthemums used in the rooms.

Mrs. George Moore extended the hospitality of her home to the Sugar Grove W. C. T. U. Wednesday afternoon.

Mrs. Augusta Haines had in charge an excellent program under the general subject of "Prominent Women of the Bible." Mrs. Elva Post treated of "The Six Marys," Mrs. Laura Pine of "Deborah," Miss Edith Moore of "The Mother of Sampson" and Mrs. Augusta Haines of "Eve."

Miss Minnie Brakefield read the poem "There's a Place in the Ranks for Me," and Mrs. Pine conducted the physical culture drill.

The union donated \$2 to the Fayette county temperance campaign.

After the business session and program there was an enjoyable social hour, during which the hostess, assisted by her daughter, Miss Edith, served tempting refreshments.

The December meeting of W. F. M. Society was held yesterday afternoon at the home of Miss Augusta Adams. There was a good attendance despite the inclement weather.

The meeting was surcharged with enthusiasm and the spirit of more zealous, earnest work for Foreign Missions prevailed.

Mrs. Sharp Davies had charge of the devotional. Mrs. Scott Hopkins, leader of program, read second chapter of Text Book "The King's Highway," describing the people of Ceylon and India. Even in this Buddhist strong hold the Highway is being built, and ten per cent of the people of Ceylon are Christians today, signifying that Christ shall yet be crowned where Buddha rules. India, the "heart of Asia," beaten down under cruelty and superstition calls loudly for deliverance.

Mrs. G. S. Hodson read a very interesting account of "Achievements of Medical Women," of India.

Following the program a social hour and refreshments were enjoyed.

# ENTERS THE RACE AGAINST CLARKE

Pomerene Would Be President Pro Tem. of Senate.

## ANNOUNCES HIS CANDIDACY

Arkansas Senator's Antagonism to Ship Purchase Bill at Last Session Develops Opposition to His Re-election—Proposal to Limit Debate in Senate Drawn Up by Special Committee on Rules.

Washington, Dec. 2.—Senator Pomerene of Ohio has become a candidate for president pro tempore of the senate in opposition to Senator James P. Clarke of Arkansas, who seeks re-election.

This was announced after a session of the Democratic caucus. The candidacy of the Ohio senator assures a lively contest, which will be settled tomorrow.

Opposition to Senator Clarke had been smoldering ever since the Democratic conference began Monday, because of his antagonism to the ship

purchase bill at the last session. Administration leaders had sought, however, to allay this opposition for the sake of party harmony and it was not until last night that an open fight against him developed.

The Democratic conference will act this afternoon on the report of the special committee on rules, proposing limitation of debate to prevent filibustering. The committee agreed upon a cloture rule, which would provide means for forcing a measure to a vote whenever filibustering tactics became apparent. It would provide that when any senator arises and asserts the opinion that an attempt is being made to obstruct a measure and claims the right of the senate to proceed to a vote, the chair shall submit to the senate without debate the question: "Is it the sense of the senate that an attempt is being made to obstruct, hinder or delay a vote?"

If the question is decided in the affirmative, it would be in order for any senator to move to fix a time for taking a vote on the pending measure and all amendments, such motion to be decided without debate. The time to be fixed would be at least two calendar days after the making of such a motion.

Democratic senators who oppose cloture predicted that the proposed rule would be vigorously fought in the conference.

## GARRISON TAKES SWIPE AT TAFT

Washington, Dec. 2.—Secretary of War Garrison refuses to retract a single one of the words which he applied to ex-President Taft on account of the latter's statements in regard to the Wilson administration's policy in the Philippines. Not only does Mr. Garrison refuse to take back his charge that "blind partisanship" had led Mr. Taft to make these statements, but he in effect reiterates the accusation.

Mr. Garrison replies in detail to ex-President Taft's complaint that the original Garrison attack upon him was "unjust, vehement and unmeasured." "What I said concerning Mr. Taft was absolutely just, was less vehement than the circumstances warranted and I measured every word of it" is the reply of the secretary of war. Mr. Garrison accuses the ex-president of having indulged in "incorrect statements, unfair implications and inferences and in partisanship consideration of these matters." Again he describes Mr. Taft's charges against the administration's policy as "unjust, unfounded and made recklessly."

## FORD REBATE

Columbus, Dec. 2.—State Highway Commissioner Cowan received from Henry Ford of Detroit ten \$50 profit sharing checks as a rebate on ten automobiles purchased for the department. The department traded ten old machines for new ones and paid \$150 each for the new ones. The rebate of \$500 was turned over to the state general revenue fund.

## NO VERDICT REACHED

Augusta, Ga., Dec. 2.—A mistrial was ordered in the federal court here in the case of Thomas E. Watson, charged with having sent obscene matter through the mails. The jury, which had the case before it since Tuesday afternoon, reported it could not agree on a verdict. G. I. Brown, foreman of the jury, stated to the court: "I think our differences are so wide and so well fixed in the minds of each juror that it will be impossible for us to ever reach a verdict in this case." The foreman stated the jury disagreed on questions of fact, not law. It is reported the vote stood 10 to 2 in favor of acquittal.

### BULGARIA ENDS CAMPAIGN

Announces With the Fall of Prizrend That Operations Against Serbia Have Been Concluded—Austria Continues Her Campaign Against Montenegro—Attitude of Both Roumania and Greece Still Uncertain.

Rome, Dec. 2.—Baron Sonnino, minister of foreign affairs, has informed parliament that Italy has adhered to the agreement that no separate peace should be signed by the entente powers. This agreement was signed at London, Sept. 5, 1914, by France, Great Britain and Russia.

London, Dec. 2.—Operations in the Balkans and the movements of the armies of the central powers continue with unabated energy. Like Germany,

Bulgaria announces that with the capture of Prizrend her campaign against Serbia has come to an end.

An Athens dispatch states that Monastir was turned over to the Bulgarians in order to avoid useless bloodshed.

Austria, with the assistance of some German troops, continues her operations against Montenegro, the frontiers of which have been crossed, but not without considerable opposition from the Montenegrins, who are masters in mountain warfare and who have been joined by some portions of the Serbian armies which succeeded in escaping from the invaders of their country.

Battles are now being fought in that part of the sanjak of Novibazar which was taken by Montenegro after the Balkan war.

The attitude of Roumania is still uncertain. The latest reports say that she, like Greece, is trying to remain neutral, but with two belligerent armies on her borders, this, it is believed, may prove difficult.

Greece, in her reply to the latest note of the entente allies, insists upon the maintenance of her neutrality and independence, and a final settlement of the points at issue between the Hellenic kingdom and the entente powers is not yet in sight.

The Italians continue their offensive along the Isonzo river. On the other fronts comparative calm prevails.

Speculation is rife over the Kaiser's visit to Vienna and the resignation of three of the Austrian cabinet ministers. The two events are variously assumed to be connected with the reported effort of Germany to force Austria into a German zollverein, a desire of Emperor Francis Joseph to secure a separate peace through the intervention of Pope Benedict and a rumored dispute between Austria and Bulgaria over the division of Serbian territory.

## MEXICANS SWING THROUGH ARIZONA

Douglas, Ariz., Dec. 2.—General Obregon, Carranza's general in charge of Sonora operations, entrained 2,000 of his forces at Nogales, Sonora, for Agua Prieta, opposite this place, to operate against Villista forces south of here. The troops were sent through the United States by permission of the war department. The 3,000 troops remaining at Nogales under General Obregon are to be used in operations against the Villistas in that section of Sonora. The sudden return of part of his forces to Agua Prieta and its adjacent city of Naco, however, indicate that Obregon believes General Villa to be coming back in this direction.

Villista activity has so increased in the last few days that Americans are fleeing from all the mining camps south of here.

Two Villa generals, Orestes Pereyra and E. Jimenez, with fifty other officers of their command, captured after a battle on the Fuerte river in Sonora, were court-martialed and shot.

General Urbalejo, Villa's Yaqui Indian chieftain, with his entire command of 1,400 men, surrendered to Carranza's army officers at Corbo, 209 miles south of here, according to a report current here.

Lansing Dispatches Another  
Note to England.

### CARRIES STRONG PROTEST

Washington Officials of the Opinion  
That This Government Has Good  
Case Against Great Britain in the  
Hocking and Genesee Incidents.  
Both Vessels Commandeered Re-  
cently by the English Government.

Washington, Dec. 2.—Secretary of  
State Lansing has sent to the British  
government a vigorous protest against  
the action of Great Britain in taking  
steps to commandeer the American  
steamers Hocking and Genesee of  
the American Transatlantic Steam-  
ship company. On the heels of this,  
it was learned that the state depart-  
ment has received the transcript of a  
judgment rendered by the prize  
court at Marseilles, France, holding  
the steamer Solweg of the same line  
to be a war prize. The judgment ap-  
pears to have been rendered on the  
same grounds upon which the other  
vessels of the line were seized, name-  
ly, that she was German owned.

It was also stated at the depart-  
ment that information had been re-  
ceived here to the effect that the Kan-  
takee of the same line has been seized  
by a British cruiser and taken to  
port in the Falkland Islands, where  
it is assumed the British government  
plans to commandeer her just as it  
has done in the cases of the Hocking  
and Genesee.

Officials are inclined to believe that  
this government has a strong and  
clear cut case against Great Britain  
in the Hocking and Genesee cases.  
The protest which Mr. Lansing has  
directed Ambassador Page at London  
to lay before the British foreign office  
describes the commandeering of the  
two ships as contrary to all establish-  
ed rules and precedents of interna-  
tional law. The protest contends that  
the British government should have  
waited the outcome of the prize court  
proceedings at Halifax, N. S., and St.  
Lucia, British West Indies, where the  
vessels were respectively held, and  
should have given opportunity to the  
owners for an appeal to the British  
prize council, as well as a final ap-  
peal, through diplomatic channels, to  
the British foreign office.

It was pointed out at the depart-  
ment that, although the United States  
government did not hesitate during  
the civil war to commandeer blockade  
runners, all the ships so impressed  
were shown to be enemy owned. The  
government contends that the British  
government had nothing to show that  
the Hocking or Genesee were enemy  
owned.

The only information thus far ob-  
tained by the department as to the  
action taken was in the form of a  
complaint filed with it by Richard  
Wagner, president of the Transatlan-  
tic Steamship company, and for that  
reason Ambassador Page was in-  
structed to accompany his protest  
with a demand for particulars.

## WIND BOAT SKIMS AT 48 MILES AN HOUR.

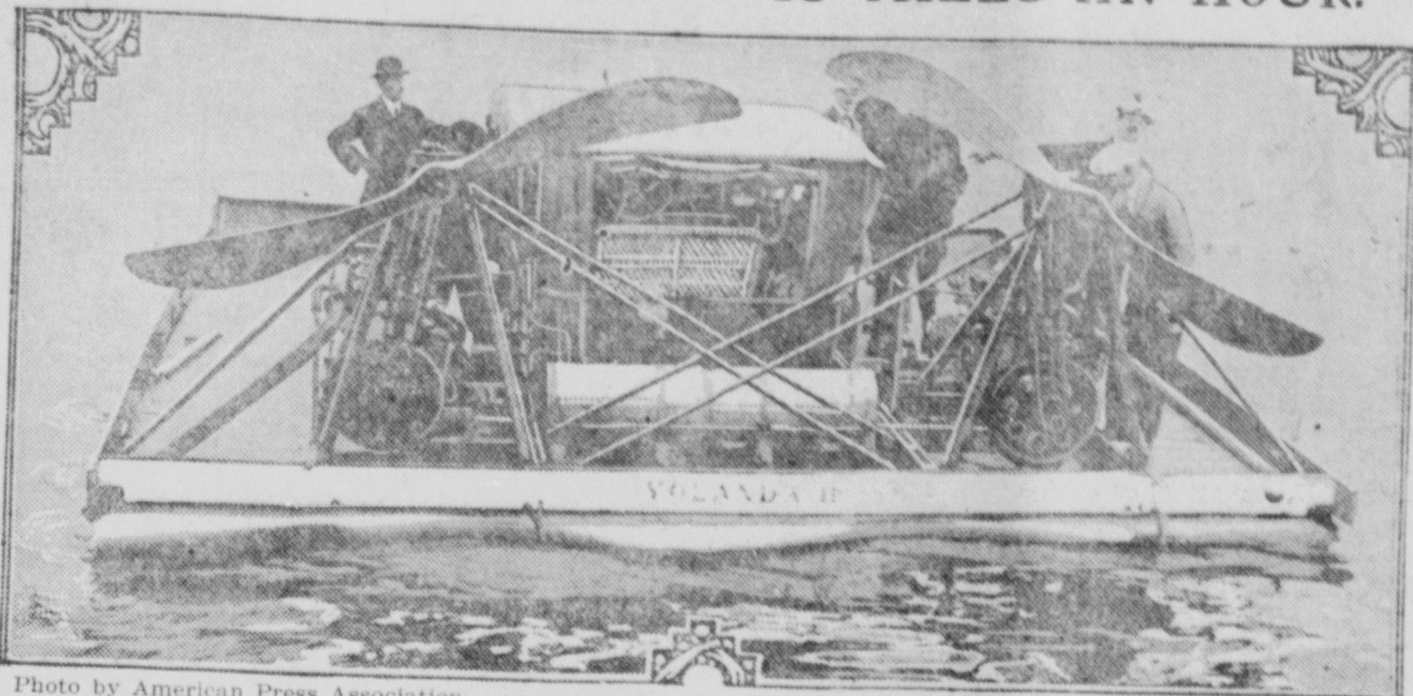

Photo by American Press Association.

This "glider" was built in America for a wealthy Colombian for use in supplying a quick river service between  
Bogota and the coast, about 600 miles. It draws only five inches of water. It was tested on the Hudson river.

formation, the crown counsel of the  
British government at Halifax and St.  
Lucia, acting on instructions from au-  
thorities in London, appeared before  
the admiralty court at each port and  
served notice that they would move  
to condemn the vessels in order that  
they might be requisitioned for use  
by the British government.

It is expected that Great Britain  
will contend in its reply that a large  
percentage of the stock of the Amer-  
ican Transatlantic Steamship com-  
pany is German owned.

## NOT BARRED FROM SUING

Cincinnati, Dec. 2.—Judge Oppen-  
heimer of the superior court in a de-  
cision holds that the fact that a  
widow has received compensation from  
the state industrial commission for  
her husband's death does not bar  
her from suit against a third party  
alleged to be responsible for the death.

The decision is in the suit of Ma-  
tilda H. Kenning against the Interur-  
ban Railway and Terminal company  
for \$15,000. The widow was awarded  
\$1,744 out of the state industrial fund  
on account of his death. When she  
sued the interurban the question was  
raised whether that payment did not  
bar her from suing. Judge Oppen-  
heimer decided it did not. The fact  
that the interurban company contrib-  
uted to the state fund was set up, but  
the judge held that that does not re-  
lieve the company.

## ROOSEVELT REDHOT IN CRITICISM

New York, Dec. 2.—Colonel Roose-  
velt sharply criticized the League to  
Enforce Peace and its president, Wil-  
liam H. Taft, in an article in this  
week's Princeton Alumni Weekly. He  
says:

"Some of the men taking part in  
the meeting to form this league were  
good citizens who had not clearly  
thought out the matter. Most of the  
leaders, however, represented the old  
and foolish type of peace prattlers  
who do not care to think at all. Again,  
such a league is utterly meaningless  
or silly, unless it means that the Uni-  
ted States will prepare a great mili-  
tary force which it will be ready to  
put back of any nation that is wrong-  
fully treated. No man is entitled to  
respect if he has joined such a league,  
unless he is an ardent supporter of  
universal training in this country.  
The gentleman chosen as president of  
this league the other day was quoted  
in the press as saying that we must  
never have a large army, because  
armies were used for aggression. This  
shows that he has not taken the trou-  
ble to think out any of the problems  
which would be created by the league."

### LEADERS TO MEET

Washington, Dec. 2.—Republican  
party leaders have been invited to a  
dinner here Dec. 13, on the eve of  
the Republican national committee  
meeting, by the National Republican  
League and League of Republican  
State clubs. Invitations to speak have  
been extended to Senators Borah,  
Weeks, William Alden Smith and  
Cummins, former Senators Root, Bur-  
ton and Fairbanks and Governor  
Whitman of New York.

## COAST IS CLEARED

FORD SENDS REPLY  
TO HOLLAND'S NOTE  
No Intention of Forcing Strike  
In the Trenches.

New York, Dec. 2.—Shortly after  
the receipt here of dispatches saying  
Holland would forbid Henry Ford's  
peace party, which leaves on Satur-  
day aboard the Oscar II, from using  
its soil as a peace forum, Mr. Ford  
sent to Dr. N. Loudon, foreign min-  
ister of the Netherlands, a cablegram  
denying that his party intended to  
force a strike among the fighting sol-  
diers.

Mr. Ford's cablegram to Mr. Loud-  
on was as follows: "Newspaper  
statements say that international  
peace pilgrimages which we are start-  
ing here intends to force a strike  
among the soldiers in the belligerent  
countries. I respectfully wish to in-  
form you that these rumors are un-  
founded. The full plan of our pilgrim-  
age has been submitted to his excel-  
lency, Chevalier Van Rappard, in  
Washington, who certainly is able to  
give you all assurance of our inten-  
tions."

In reply to his telegram of explana-  
tion to Chevalier Van Rappard, min-  
ister of the Netherlands to the Uni-  
ted States, came the following: "I  
thank you for your telegram. I no-  
tice with great satisfaction that you  
shall do nothing that might embar-  
rass the governments of the neutral  
nations. I could not expect otherwise  
after the interesting information  
about your plans. Mme. Rosika  
Schwimmer was so kind to give me  
some days ago."

### MISS RYAN GOING

Columbus, Dec. 2.—Miss Eleanor  
Ryan, daughter of former Secretary  
of State Daniel J. Ryan, will go on  
the Henry Ford peace ship, which  
sails from New York Saturday. Dean  
Caroline Breyfogle of Ohio State uni-  
versity received a telegram from  
Ford in which he said that there was  
a scarcity of college women in the  
peace party, and that at the sugges-  
tion of Jane Addams he was trying to  
fill this need. He asked Miss Brey-  
fogle to choose a college girl. Miss  
Ryan was the selection. One other  
Ohio State university student will be  
in this party, Earl L. Baum, a senior  
in the college of education. He was  
appointed by President W. O. Thomp-  
son at Ford's request.

## WIRE FLASHES

Seven federal prisoners escaped  
from the county jail at Georgetown,  
Ky., and no effort is being made to  
apprehend them, inasmuch as their  
terms expired previous to their es-  
cape. They declined to wait for their  
official release.

Colonel W. P. Rend, seventy-five,  
millionaire president of the coal com-  
pany in Chicago bearing his name,  
died suddenly at his home in Chicago.

Fanned by a high wind, flames gut-  
ted the Surber block at Muncie, Ind.,  
caused \$100,000 damage and resulted  
in the serious injury of four firemen.

Art Exhibit at High School open  
daily till 9:30 p. m. 10c.

## SIXTEEN PERISH

Boomer, W. Va., Dec. 2.—Sixteen  
men were killed by the explosion in  
mine No. 2 of the Boomer Coal and  
Coke company here, according to of-  
ficials of the company. They said the  
work of exploring the mine had been  
completed and they were confident  
that all the men who went to work  
had been accounted for.

Sixteen bodies were brought to the  
surface and placed in a temporary  
mortuary. Of this number, seven were  
Americans, seven Italians and two  
negroes.

Rescuers found four men who had  
been entrapped by the explosion.  
They were so weak they were unable  
to talk, but physicians believe they  
will recover.

An examination of the mine shows  
that the damage from the explosion  
was comparatively light.

## COLD WATER ON WORKERS

London, Dec. 2.—Speaking before a  
conference of labor leaders Premier  
Asquith said that since the war be-  
gan the cost of food increased 40 per  
cent, rent 20 per cent, fuel and light  
25 per cent and clothing 30 per cent.  
He urged all labor leaders to dissuade  
workers from demanding higher  
wages, saying that the national cause  
would thus be hampered, and explain-  
ing that already some 4,500,000 work-  
ing people had obtained a substantial  
increase in pay. Reginald McKenna,  
chancellor of the exchequer, another  
of the speakers, also urged the work-  
ers to abstain from pressing for high-  
er wages, for, as he said, most of the  
workers likely to make such demands  
are employed by the government and  
any increase in their pay would nec-  
essarily mean a drain on the national  
treasury.

### PROGRESSIVES CALLED.

New York, Dec. 2.—A call for the  
national committee of the Progress-  
ive party to meet in Chicago on Jan.  
11, 1916, to fix the time and place for  
the national convention was issued by  
the executive committee of the na-  
tional committee at a meeting here.

## MORE EFFICIENT SERVICE IS ASKED

One of the chief matters coming before the Dutch Treat Club Thursday noon was the naming of a committee to confer with the Wells-Fargo Express Company for better service in this city, the claim being made that the concern was transacting the business of two companies from three railroads of a great many trains daily, and having only one wagon and driver for the big business.

A collection to pay expenses of the campaign for the two-mill road levy, \$31.20, was subscribed in short order. Twenty-eight members were present, including three new members, Messrs Shalley, Wilkin and Long.

Mr. Shalley asked concerning a truant officer in the city, claiming that certain children in the Avondale addition were not attending school.

## GO TO DETROIT TO INSPECT STREETS

Mayor Coffey, Service Director Gerstner and Councilmen Sheets, and P. Tracey, went to Detroit Wednesday evening to inspect certain new street paving material and the finished streets.

The new material may be used in improving Yeoman street, although it has been announced a number of times that macadam only would be used for that street, with the city paying one-third of the improvement expense, the same as where main thoroughfares are improved by paving with brick.

## DREW THE USUAL

Because they were intoxicated and mistreating a horse they were driving, George Selden, of Lyndon and George Hampshire, of Clarksburg, were fined \$5 and the costs when they faced Mayor Coffey.

My idea is this—Ever Onward. If God had intended man to go backward, he would have given him eyes in the back of his head.

## GOOD VAUDEVILLE AT CARNIVAL TONIGHT

The bad night interfered with the crowd at the Y. M. C. A. carnival, under the auspices of the Ladies' Auxiliary of the Y. M. C. A., Wednesday evening, greatly to the disappointment of the workers.

The beauty and attractions of the carnival richly deserved better patronage and those who attended found its gaiety and pleasure fully paying their efforts.

Tonight will be the big night for everybody wants to see the carnival in full swing and there is the added drawing card of a splendid amateur vaudeville—two shows to be given, one at 7:30, one at 9 o'clock.

The vaudeville features Miss Maxine Kibler in her clever "Fi-Fi" Japanese impersonation and other specialties; Mr. Roy Wagner of Springfield, an artist of chautauqua circuits, who is very entertaining, in crayon humorous sketches; A. S. Flemming, Denison Glee Club soloist; Miss Forest Allen in amusing monologues and popular songs by the High School Glee Club quartet.

Everybody wants to see the "Dutch Tea Room," which is a delightfully pretty and novel feature of the carnival, and the immense bed of scarlet and yellow tulips in the center a real impressionist picture.

The waitresses are captivating in Dutch costumes, full flowing skirts, Dutch caps and wooden shoes, with long braids down their backs.

George Bryan, Rudolph Schlabach and Gilbert Adams in clever make ups as "Dutch Boys," Mr. Adams a "foxy cavalier," were taking additions to the tea room and little Jean Worthington was the cutest "Dutch boy" that ever clattered in wooden shoes.

Tonight closes the carnival.

## BROUGHT TO LOCAL HOSPITAL

Mr. Wise was brought by Dr. Varney, from his home in Greenfield in the Klever ambulance, to the Hodson Hospital, Thursday morning. His condition is serious and may necessitate an operation.

## CHURCHMEN FIGHT, PASTOR TO RESIGN

Wooster, O., Dec. 2.—Rev. David Campbell, pastor of the Presbyterian church at Congress, a village seven miles north of here, said he would tender his resignation to the Wooster presbytery, as the result of a fight between prominent members of the congregation which took place at the start of services last Sunday. The fight, according to Campbell, is the result of factional disputes in the church membership.

## BLOW KILLS MAN

Defiance, O., Dec. 2.—Henry Ward, thirty-six, was struck on the head with a board and killed. Ed Colwell is alleged to have struck him.

## FUN AND THE DRAMA.

Has the Public Turned Away From the Classics of the Theater?

Wherever they come into competition in the American theater today tragedy yields to comedy and melodrama to farce. Even in the "movies" fun must have sway or the public complains.

That once great public of theater goers who sat through and applauded the woes and emotions, the loves and sorrows and desperate adventures of the heroes and heroines of the legitimate drama, who loved acting for its own sake and gloried in the sonorous cadences of the great folk of the stage, seem now agreed that no theatrical attraction is a good show unless it "hands them a laugh."

Real plays nowadays are launched in small theaters. Here foregather a few of the old guard, devotees of the ancient and honorable art of acting, a few students of dramatic literature, a hundred of the elect drawn from the millions of the largest cities—like an old family of aristocrats who have seen better days. But the masses do not want the literature, the art, the classics of the theater.

To stir the imagination, to touch the heart, to stimulate thought, to put wisdom and heroism into contact with mankind—all of these old and earnest motives of the theater have passed or are passing into the dim and dusty "property room."

To be amused, to be jolted out of all serious thought, to be distracted from every hard facet of life—that is what the show going public of America wants now. That is what the stage is now for. It is to laugh.—Minneapolis Journal.

## ALARM OF FIRE BUT NO DAMAGE

An alarm called the fire department this afternoon, shortly after three o'clock to the premises owned by M. S. Daugherty on the southeast corner of South Hinde street and Elm street.

The house had, until a few months ago, been occupied by Mr. James Wood and family, prior to their removal to Circleville. A few weeks ago a Mr. Gray and family moved into the house.

Today they started a fire in the living room and the newly constructed flue was defective, turning the smoke out under an old shed roof.

No damage was done. The department made a long run in good time.

### Posthumous Influence.

The relations between man and man cease not with life. The dead leave behind them their memory, their example and the effects of their actions. Their influence still abides with us; their names and character dwell in our thoughts and hearts; we live and commune with them in their writings, we enjoy the benefits of their labors; our institutions have been founded by them; we are surrounded by the works of the dead; our knowledge and our arts are the fruits of their toil; our minds have been formed by their instructions; we are most intimately connected with them by a thousand dependencies. Those whom we have loved in life are still objects of our deepest and holiest affections. Their power over us remains.—Andrews Norton.

### The Real Acme.

"The acme of happiness," gushed the ardent lover, "is to marry the woman you love."  
"There's something in that," responded the old married man, "but the main point is to love the woman you marry."—Louisville Courier-Journal
